PRINCIPAL'S DESK

Dear Applicant,

At your tender age the decision of joining a college and choosing one particular course as one you'd eventually specialize in must appear quite exhilarating and overwhelming at the same time and as you contemplate the choices available to you, I urge you to explore the opportunities you can access at this institution.

The college has indeed come a long way since the commencement of its journey and through incessant, systemic upgrades, we can now offer several amenities like a well-stocked library, digital classrooms, Wi-Fi enabled departments, filtered drinking water and well-equipped laboratories to our dear students. The teachers are not only noted scholars in their respective fields of study, they are also compassionate and excited about the challenging task of educating fresh minds.

The enduring journey through the global pandemic has redefined the teaching-learning process, by a significant extent. Further, from this academic year new structures will be implemented. We are evolving accordingly to accommodate these changes.

I want you to understand that despite our peripheral location we are as prepared as we could be, in implementing those changes through our constantly-updated college-portal and other online mechanisms that we are in the process of refining and executing.

We will never be deterred from our fundamental goal of providing the students of this area with the education that they deserve, the education that would eventually see them shine like the bright star that each one among you is. I eagerly look forward to welcoming you to our beloved institution.

Dr. Suvankar Chakraborty, Principal

SUNDARBAN MAHAVIDYALAYA

AT A GLANCE ...

When Sundarban Mahavidyalaya was established on 4th August 1965, it was a landmark event for many thousands of students and parents of the Sundarbans and beyond, as the absence of a college in this vast area meant that the dreams of higher education and improved economic conditions were a remote possibility for most children studying in the numerous schools dotting the Sundarban area.

The generous donations of land and money from a group of dedicated people and the moral and emotional support of the people of the Sundarbans and surrounding areas enabled the establishment of this College. It is a collective vision that galvanized the growth of this institution and inspired its staff and governing body to overcome every hurdle, whether economic, geographic or social. It received affiliation with the University of Calcutta and was subsequently recognized by the University Grants Commission. Sundarban Mahavidyalaya began its journey teaching the Bachelors Degree Program for Arts subjects under the aegis of the University of Calcutta. Over the years, with expansion in infrastructure and space with grants from the UGC, Zilla Parishad and the MPLAD, the scope of programmes offered by the college improved & options and opportunities increased for the students here.

Embracing a Vision ...

Educating and enlightening the underprivileged youth of the South Sundarbans and its vicinity and transforming the socio-economic fabric of the region into one that is vibrant and progressive, yet value-bound, contributing to the growth and development of our State and the Nation.

Crafting our Mission ...

To provide quality higher education to the growing populace of young citizens of South Sundarbans and surrounding areas, enabling them to unfurl their potential and realize their dreams.

SUNDARBAN MAHAVIDYALAYA

Walking the trail ...

Upgraded to a full-fledged Sub Division, Kakdwip acts as a gateway to the South Sundarbans which attracts a steady stream of visitors who travel distances to marvel at the dense forests of mangroves, the network of sub-tributaries and animal and aquatic resources of this yet untrammelled area.

Most of the people here work as fishermen or farmers. While it cuts a pretty picture from afar, on coming close, one realizes the acute poverty they have to battle on a daily basis. Most of the students at Sundarban Mahavidyalaya are first generation learners. Sending their children to school and then college is a brave step for many people of the vast area we call the Sundarbans.

In this scenario, our institution promises a clean and green campus, pure water and uninterrupted power supply to our students.

SUNDARBAN MAHAVIDYALAYA

and miles to go ...

Despite of all the hurdles, our continuous effort to be updated and upgraded was recognized and our college has been accredited with grade “A” by NAAC in 2022.

Extension Activities

National Cadet Corps (NCC)

The National Cadet Corps (NCC) unit of Sundarban Mahavidyalaya is affiliated to the West Bengal and Sikkim Directorate, Kolkata C Group. The students are encouraged to be a part of it so that they can learn the art of dedication, determination and discipline. The NCC wing of the institution, under 33 Bengal Bn. NCC, commits itself to various social and community outreach programs such as Blood Donation Camp, Relief Programs post-natural disaster, Tree Plantation Program, National Yoga Day Celebration, Independence Day Celebration, Republic Day Celebration and so on. The cadets with NCC certificate are supposed to enjoy special privileges in Indian Armed Force recruitment as well as in other recruitments under the central and state government(s).

Smt. Faijun Aktar (Department of History) is presently in charge of the Unit.

National Service Scheme

Our institution honours the belief that modern educational system is not all about taking care of the curricular aspects only, but equally about instrumenting the holistic development in the learners. It is in this spirit the National Service Scheme (NSS) unit (under the Ministry of Youth & Sports, Govt. of India) of the college started its journey and has come a long way indeed. The members of the unit are provided with a platform where they can exercise their commitment to the community and society at large, especially in times of natural calamity and epidemic. The NSS unit organizes in each and every academic session many in-station and out-station programs such as blood donation camp, health awareness camp, tree plantation program, various relief works, campus cleaning etc. So, there is no wonder the NSS unit of Sundarban Mahavidyalaya has won many prizes and awards from the university through its exceptional social works. The members, on the completion of their respective programs, are provided with a certificate which amply helps them in their higher studies and job prospect.

Smt. Faijun Aktar is presently working as the Program Officer of the Unit.

Blood Donation Camp

It is in this fashion, the NSS volunteers and NCC cadets of the institution, in collaboration with Kakdwip Superspeciality Hospital, organize the blood donation camp where many donors donate their blood voluntarily in support of the great cause. Each donor receives a blood bank credit card from the blood bank.
